

SANSKRIT for beginners

SANSKRIT occupies an essential role in Hinduism since it is widely used in religious rituals in the form of mantras and hymns. The Vedas and other scriptures of Hinduism were revealed and documented in Sanskrit. Also, the prayers that we conduct daily at home and in the temples are in Sanskrit.

HINDU CENTRE brings you an opportunity to embark on a journey of **learning Sanskrit!** In this course, you will learn Sanskrit vowels and consonants. At the end of the course, you should be able to read and write alphabets and small words. The course will be intensive with homework, revisions, practice and makeup sessions.
